### **American Cyber Continues Work with CACI for JSP Service Delivery**

**Clifton, VA** – (June 2016) - CACI, with American Cyber as a subcontractor, was awarded the Joint Service Provider (JSP) Service Delivery contract. American Cyber is pleased to announce that the company is part of this team

According to the CACI statement of work, JSP provides a full range of information technology products, services, solutions and customer support to the Office of the Secretary of Defense (OSD), the Chairman of the Joint Chiefs of Staff (CJCS) and the Joint Staff (JS), the Director of Administration (DA), the Pentagon Force Protection Agency (PFPA), the Washington Headquarters Services (WHS) and other various OSD offices to meet mission and business requirements. JSP also provides advice and assistance to OSD and other senior managers to ensure that IT and information resources are managed in a manner that implements the policies and procedures of legislation and the priorities established by OSD.

“American Cyber looks forward to offering quality service to JSP while finding ways to improve and better the system,” according to Gary Winkler, President of American Cyber.
