American Cyber Makes Inc. 5000 List for 2nd Straight Year

For the second year in a row, American Cyber, a Virginia-based government information technology solutions and services provider, announced today that it has been ranked near the top of the Inc. 5000's prestigious list of the nation's fastest-growing private companies. The Inc. 5000 list represents a unique group of successful companies who are a major backbone of the American's economy—independent small and mid-sized businesses.

" He also said that this year was the most competitive crop in the list's history.

American Cyber achieved 334% growth, ranking 92nd in the Washington D.C. metro area, 76th in the state of Virginia, and 73rd in the Government Services Industry. "We are proud to be part of this exclusive group of companies named to the Inc. 5000 list," said Gary Winkler, President of American Cyber. "This honor is a testament to our employees and the service we provide to our customers. Our customers trust American Cyber to deliver fast, state-of-the-art solutions and services to address their national security missions, and our continual growth demonstrates our success in providing both quality and value."

The Inc. 5000's aggregate revenue is \$206 billion, and the companies on the list collectively generated 619,500 jobs over the past three years. Companies such as Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees of the Inc. 5000.

About American Cyber: American Cyber identifies, implements, and integrates new and proven information technology solutions and services based upon unique insight into the needs and processes of the U.S. Government. American Cyber has significant experience leading transformational technology initiatives in support of National Security missions. It is a company that values teamwork, collaboration and partnership in all of its activities. American Cyber is a quality-focused, best-practices organization and, to that end, has obtained ISO 9001, 20000 and 27001 Certifications. <http://www.americancyber.com>.
